AVID ISIS 7500

Part Number	Part Name
Avid ISIS 7500 System Identifier (Choose one):	
9935-65584-03	Avid ISIS 7500 System Identifier
Section 1: Avid ISIS 7500 System (includes one ISIS 7500 iSS Engine and one System Director with one year support) - _Required_	
ISIS 7500 64TB Systems	
9935-65651-01	**ISIS 7500 with 64TB ISS Engine and System Director with Software License and ExpertPlus Hardware Support**
9935-65651-02	**ISIS 7500 with 64TB ISS Engine and System Director with Software License and Elite Support**
9935-65652-01	**ISIS 7500 with 64TB ISS Engine and System Director with Dongle and ExpertPlus Hardware Support**
9935-65652-02	**ISIS 7500 with 64TB ISS Engine and System Director with Dongle and Elite Support**
Section 2: Additional Avid ISIS 7500 Engine Chassis	
Additional Engines	
9935-65634-01	Avid ISIS 7500 Engine, three iCP600 Power Blades and rack mounting hardware
9935-65634-02	Avid ISIS 7500 Engine, two iXS2000 Expansion Switch Blades, three iCP600 Power Blades and rack mounting hardware.
Section 3: Avid ISIS 7500 AutoFailover System Director	
AutoFailover System Directors with Avid Software License activation	
9935-65637-01	Primary Avid ISIS 7500 System Director, 64-bit AS3000, four Gigabit Ethernet interfaces, redundant power supply, mirrored internal 1TB drives, and rack mounting hardware. Includes two 1 meter Cat5 cables for connecting with the ISIS 7500 system plus single heartbeat cable for redundant connection to backup System Director. Includes 330 client licenses and one year ExpertPlus with Hardware Support.
9935-65638-01	Autofailover Avid ISIS 7500 System Director, 64-bit AS3000, four Gigabit Ethernet interfaces, redundant power supply, mirrored internal 1TB drives, and rack mounting hardware. Includes two 1 meter Cat5 cables for connecting with the ISIS 7500 system plus single heartbeat cable for redundant connection to backup System Director. Includes one year ExpertPlus with Hardware Support.
Cables	
Expansion Port Cables	
7070-03227-01	Avid ISIS 1 meter expansion port cable
7070-03227-03	Avid ISIS 3 meter expansion port cable
7070-03227-05	Avid ISIS 5 meter expansion port cable
Copper 1 Gigabit Ethernet Cables	
7070-03056-01	Avid ISIS 10 foot copper Cat5-E Gigabit Ethernet cable, RJ-45 connectors
7070-03056-15	Avid ISIS 15 foot copper Cat5-E Gigabit Ethernet cable, RJ-45 connectors
7070-03056-25	Avid ISIS 25 foot copper Cat5-E Gigabit Ethernet cable, RJ-45 connectors
Hardware Options	
7060-30006-01	Low profile keyboard, monitor
7070-30024-01	Cable MCIM - USB, For KVM Switch attachment
Field Replaceable Units (FRUs) and Spares Kits	
7510-30049-01	Avid ISIS 7500|7000 i4000 Storage Blade with 4 TB capacity
7510-30049-02	Avid ISIS 7500|7000 i8000 Storage Blade with 8 TB capacity
7030-20020-04	Avid ISIS 7500|7000 iSS2000 Integrated Switch Blade with eight one Gigabit Ethernet ports, one 10 Gigabit Ethernet port, and one expansion port
7030-20020-03	Avid ISIS 7500|7000 iXS2000 Expansion Switch Blade A with 11 expansion ports
7030-20029-04	Avid ISIS 7500|7000 iXS2000 Expansion Switch Blade B with 11 expansion ports
7020-30088-23	Avid ISIS 7500|7000 System Director (AS3000) replacement. Includes four 1 Gigabit Ethernet Interfaces, redundant power supply (650W), and mirrored internal drives. Storage Server 2008 R2 (Requires ISIS v4.5 or higher)
7840-30010-02	Avid ISIS 7500|7000 System Director AS3000 650W power supply
7020-30089-01	Avid ISIS 7500|7000 System Director AS3000 internal 1TB SATA drive in carrier
7840-03047-02	Avid ISIS 7500|7000 iCP600 Power/Cooling Blade with 600 watt power supply and fan module
7840-30006-01	Cisco 4900M redundant power supply.
7840-03054-01	Foundry FESX424 redundant power supply. Foundry part number RPS-X424
